

INTRODUCTION...

The Hair Gallery has been in business in Hendersonville for over 30 years. It is locally owned and operated. We hire only experienced stylists and technicians. Our staff currently includes a team of 13 stylists, 3 Nail Technicians, 1 full time Massage Therapist, 2 Managers and Sue Ann Seymour Cosmetics specializing in facials and custom blended make-up.

Service to our clients is our main priority!

We offer only the very finest in services and products available in our industry. We do not carry diverted or sub standard products. In 2005 we introduced our own signature line of products made here in the US. Many of the products we carry are only available in this area in our salon.

We believe in serving our community through volunteer work in our schools and churches. We donate our services and skills in many ways, from make-up and hair on stage to teaching other stylists continuing education and free wig styling and consultation for anyone with medical conditions for hair loss.

We invite you to look through our brochure and our service menu. We strive to meet the needs of your entire family with professional, upscale service. Our salon is designed to make you feel welcome and leave feeling that you have received the best in hair, nail and skin care.

We sincerely appreciate you for choosing The Hair Gallery Salon and Spa for your salon needs.

Sincerely,
Martha R. Huggins, Owner

Our Guarantee

If you are not satisfied for any reason with our services or our products, please let us know and give us a chance to make amends. If you are not happy with your hair service, we will be glad to re-do the cut, color, perm or service within 2 weeks at no cost. If you do not like a product you have purchased here, bring it back within 2 weeks and we will exchange it on another product of same value.

Customer satisfaction is our greatest referral!
